EXECUTIVE SUMMARY

Translator. Video Editor. Web Developer. Data Analyst.

Having a wealth of experience in the web development sector, I have participated in diverse projects that have refined my skills. Working efficiently within teams, I exhibit strong communication skills and confidence when interacting with others. Moreover, I have adept problem-solving skills and a profound knowledge of programming languages and algorithms. Alongside my part-time role as a translator for a movie website, I also have proficiency in video editing.

WORK EXPERIENCE

- Engaging in the University English Language Teaching Program as a Volunteer (2023-2024)
- Contributing as a Volunteer for University Website Maintenance (2023)
