01 / EXPERIENCE

Freelance Full-Stack Developer

2024 - PRESENT

Independent Projects

- Delivered airline booking, event ticketing, company operations, and content-management products across the full development lifecycle.
- Built authentication, REST APIs, dashboards, database workflows, validation, and deployment architecture for real product use.

Full-Stack Developer

SEP 2025 - FEB 2026

Civil Master Solution

- Developed a React and Django administration platform with role-based access, reusable UI components, and publishing workflows.
- Integrated production APIs and supported deployments on Vercel and Render with maintainable frontend and backend structure.

Test Automation Engineer

APR 2025 - AUG 2025

Brillar Company

- Created Tosca automated test cases and executed functional and regression coverage for critical user journeys.
- Reported defects clearly and collaborated with developers to strengthen release quality and repeatable QA workflows.

02 / SELECTED PROJECTS

Airline Booking Platform

REACT / NODE.JS / POSTGRESQL

Dynamic search, protected sessions, pricing, bookings, history, JWT, and reverse-proxy deployment.

Enterprise Management System

REACT / NODE.JS / POSTGRESQL

Employee operations, performance tracking, reporting, meetings, events, and role-based administration.

Event Booking and Ticketing

REACT / NODE.JS / MONGODB

Event discovery, listing creation, user roles, ticket booking, validation, APIs, and management dashboards.

Content Management System

REACT / DJANGO / REST

Role-based publishing, administration workflows, reusable content tools, and production deployment.

03 / ENGINEERING PRACTICE

- Translate product requirements into clear frontend, API, and data responsibilities.
- Prioritize secure authentication, role-based access, validation, and reliable error handling.
- Build reusable components and maintainable services for efficient iteration.
- Test critical workflows and prepare applications for dependable production deployment.

04 / PROFILE

Full-stack developer with one year of practical experience building, testing, and deploying web applications.

EDUCATION

B.Sc. Information and Communication Technology
Rangsit University
2023 - Jan 2026

LOCATION

Prachathipat, Thanyaburi District
Pathum Thani 12130, Thailand

05 / CORE SKILLS

FRONTEND

React.js, JavaScript, Tailwind CSS, HTML, CSS

BACKEND

Node.js, Express.js, Django, Python

DATA AND APIS

PostgreSQL, MongoDB, REST APIs, JWT

DELIVERY AND QA

Git, GitHub, Nginx, Vercel, Render, Tosca

06 / STRENGTHS

Problem solving / Communication / Ownership / Time management / Critical thinking

07 / LINKS
